Order online at **www.QuicksilverProductions.com**

Presents for friends? We will ship orders directly to others for you. Please write each order on a completely separate order form and calculate Shipping & Handling for each address.

Internet: For the fastest processing, order our products online at www.QuicksilverProductions.com using VISA, MasterCard, Discover, or American Express. Disputed payments will incur an additional $30 fee. If there is any problem or concern with your order, contact us before contacting the credit card issuer.

Charge Card Orders: For orders not placed on our web site, we accept VISA and MC. Include your card number, expiration date, security code, address, and name as it appears on the card. Include your phone number and email address in case we need to contact you. The amount charged will be listed in small print in the return address portion of the shipping label.

Disputed charge card transactions will incur an additional $30 fee. If there is a problem or concern with your order, contact us first.

RETURNED CHECKS: There is a $25 fee for returned checks.

Canadian: Shipping individual orders to Canada is expensive. Your order will probably be cheaper and arrive much more quickly if you order from a Canadian vendor such as www.banyen.com.

Foreign Orders: For Foreign Shipping & Handling rates, go to *www.QuicksilverProductions.com/ordering-information*. Foreign orders should be placed on our web site. For mail order, payment must be by credit or debit card. For Canada see above.

Other: We reserve the right to not sell our products to anyone.

U.S. Shipping: From November to mid-January, allow as long as four weeks for delivery (to allow for the time it takes for your order to arrive here, be processed, and shipped back to you).

* **Media Mail** is slower, unreliable, and unpredictable.

‡ **First Class** over 13 ounces becomes **Priority Mail**.
